## President's Message

Does it seem to you that time is speeding up or is it just me? We do evidently perceive time to pass more slowly the younger we are.

It seems like only yesterday that two fellowships merged to create our Fellowship, but it has been twenty-five years. What a great ride it has been. I can't wait to see what the next quarter century brings.

How fortunate we are to have in our small group several renowned professors, a Unitarian Universalist minister as well as many other extraordinarily talented individuals. My experience tells me that such talent is par for the course in UU groups. Perhaps it is more evident because of our relatively small size.

I can report to you that the Fellowship is strong and healthy both fiscally and spiritually (if I may be so bold as to use that term). We have recently gained several new members and the program committee has done a splendid job of scheduling a diverse and strong series of programs for the coming months. Our state of the union is well. Let's all enjoy the ride this year.
