## President's Message

Random thoughts for May:

In January I said my New Year's Resolution was to have RE for our children. I think we've made a fair start. They have their own chalice and read a short statement when they light the chalice about Unitarian Universalism. Ask them about it. Their first half hour, like the adults', is less formal, talking about what has happened during the week and how they feel about it.

Another important Sunday morning activity is a cup of hot chocolate. They are just as committed to the ritual as we are to our coffee and tea. Now they have their own individualized cups almost like the adults have. The big difference is that they decorated their own.

If you haven't volunteered time with the kids, you're missing out on a great experience.

The legislature is in session! So far bills have been introduced to undermine the election process, take away environmental protection, and create religious license plates. Stay alert and keep in touch with your state senators and representatives. They have backed off on some of their more outrageous moves, but it isn't over yet. They still can do more damage. Call them, write to them, talk to them in person. Do whatever you can to tell them you value your right to vote, your natural environment and the separation of church and state.

We will miss Martha Harwood. She had only been coming to the Fellowship a few years, but she was always willing to help where needed and was a good friend.

### Annual Meeting

The Annual Meeting of the Fellowship will be held on Sunday, June 14, after the service. Pizza will be served after the meeting! Please be sure to be there as we will be approving the budget for 2009-2010 and electing members of the Board of Trustees and of the Endowment Committee.

## Picnic at Veterans Park

There will be no meeting at the Fellowship on May 24th. We will meet at the park around 10:00 (earlier, if you like). Bring a dish to share. Thom Foley will get a spot for us and will mark it so we'll know where to go. (We can carpool).

Some luck lies in not getting what you thought you wanted but getting what you have, which once you have got it you may be smart enough to see is what you would have wanted had you known.
